artists from Spain.*

Intensive Flamenco Rhythm Course - 27th - 31st December 2016

This course is aimed at all musicians, dancers, singers, drummers and anyone who would like to improve their rhythm and understanding of the complexities of flamenco. You will be taught by Jasmine Villalobos, Tito Heredia and a cajon player to enhance and create a vibrant atmosphere which you would feel when you visit the tablaos in Spain.

You will learn to differentiate between the different rhythms through palmas (clapping) and cajon (small flamenco drum) starting with the basics and moving to more complicated patterns of palmas. You will cover 2 or 3 different flamenco rhythms each day and we may add song to some of the rhythms for a better and more rounded understanding.

This is an excellent opportunity for all students and professionals to learn with some of the best artists from Spain at this present time. Also joining the teachers is Manuel Liñán, Victoria Ramos from Jerez de la Frontera and Nuria García.

This course is the biggest flamenco course ever done in Europe and it will be full of atmosphere and fire. You certainly won't want to miss it!

Please do not hesitate to call me to book your place or if you need any further information.
